## HYDAC Accessories go offshore...

HYDAC Accessories GmbH offers a comprehensive range of specially designed products for the offshore, marine and shipbuilding sector.

All components in our range of accessories for these applications are made from high-quality stainless steels and are therefore suitable for the particularly harsh conditions.

HYDAC Accessories have been supplying ball valves and mounting technology to the offshore industry for years and have built up a reputation for expertise in this sector.

**1 Our range of stainless steel ball valves**

**2 Complete range of mounting technology**

Rigid and flexible elements and systems for mounting pipes, hoses and cables, reservoirs and components.

**3 Cargo Pumping System**

This stainless steel ball valve is a customised solution for the cargo pumping system.

**4 Gas tankers**

Customised solution to control the filling hatches on gas tankers.

**5 Offshore**

Mounting in the offshore sector using series strips to DIN 3015 in stainless steel.
